

## *The Irish Sex Fairy*

*Be sure to read the warning at the bottom. I didn't change a word! I'm not messing with the Irish Sex Fairy!*

- 1. Sex is a beauty treatment. Scientific tests find that when women make love they produce amounts of the hormone estrogen, which makes hair shine and skin smooth.*

2. Gentle, relaxed lovemaking reduces your chances of suffering dermatitis, skin rashes and

blemishes. The sweat produced & cleanses the pores and makes your skin glow.

=====

3. Lovemaking  can burn up those calories you piled on during that romantic dinner. 

=====

4. Sex is one of the safest sports  you can take up. It stretches and tones up just about every muscle in the body. It's more enjoyable than

swimming  20 laps, or jogging 20 blocks and you don't need special sneakers! 

=====

5. Sex is an instant cure for mild depression.  It releases endorphins into the bloodstream, producing

a sense of euphoria and  leaving you with a

feeling of well-being. 

=====

6. The more sex you have, the more you will be

*offered. The sexually active body gives off greater quantities of chemicals called pheromones. These subtle sex perfumes drive the opposite sex crazy!*

=====

*7 .. Sex is the safest tranquilizer in the world. IT IS 10*

*TIMES MORE EFFECTIVE THAN VALIUM.*

=====

*8. Kissing  each day will keep the dentist away.*

***Kissing encourages saliva to wash food from the teeth and lowers the level of the acid that causes decay, preventing plaque build-up.***

=====

*9. Sex actually relieves headaches.  A lovemaking session can release the tension that restricts blood vessels in the brain. *

=====

*10. A lot of lovemaking can unblock a stuffy nose.  Sex is a natural antihistamine. It can help combat*

*asthma and hay fever.*
